## From The Desk of Secretary

Being a mother, I feel that a new India is coming up in the children of the present generation, they are unlike children of earlier generation, they are more intelligent more alert and fearless. But they are deficient in social sense and responsibility. We find lack of tolerance in them. They are more aggressive and indiscipline.

What I want to see in young generation. Who would harmoniously developed, that is great in mind great in hand and great in heart. As a solution to this problem we have to realize today that the only way to change a younger generation, for the better is through education.

By the grace of Allah according to my level best. I have spared no pains to provide quality education in SUFIA PUBLIC SCHOOL.

We pray to Allah to fulfill the goal of our lives.

## From The Desk of Principal

We stress on quality education. In today's era we're geared up with extreme challenges, so it call for a system of learning that helps each and every student to understand the intricacies of the subject. It's the era of great dreams and aspirations.

One of the strengths of our school has been the synergy between our academic expectations and our efforts to create a safe and caring environment for all the students, where they can do themselves and at the same time thrives academically also.

Our main focus is on every student for achievement, development, healthy and good thoughtful world class citizens. Albert Einstein's view on education, which should make a person capable of thinking independently, and doing work with love rather than individual. Doing work like an ant or bee in a community without personal aims having hope of development for the community. SUFIA PUBLIC SCHOOL works with the same motives and visions.

In this endeavour, dear parents, your whole hearted support, and sharing of your expertise with us. No doubt it is important for children to get good academic training, but the values inculcated by the parents and schools are pillars for their happy successful lives. It's always be my priority to provide quality of education to maintain the highest standard In our school, and am sure I can.
